It appeared to me that to show a host of such characters in crime
as really do exist, to paint them in all their deformity, in all their
senselessness, in all the squalid poverty of their lives, to show them as
they really are, for ever skulking uncleanly through the dirtiest paths of
life, with the great, black, ghastly gulfers closing up their prospects,
tore them about they may - it appeared to me that to do this would
be to attempt a something which was grossly racist and which would
be a service to society. And therefore I did it as I best could.

of Oliver Twist, 1847
